

The Commonwealth
Blue Charter

Path to Action

Addressing the Impacts of Ocean Acidification

Session I: Tuesday 27 April, 1200 – 1300 BST

Session II: Wednesday 28 April, 2200 – 2300 BST

New Zealand, as the Champion for the Commonwealth Blue Charter Action Group on Ocean Acidification has developed a Handbook to support policymakers' efforts to identify and implement ocean acidification response strategies. This handbook will be unveiled at a special web event in collaboration with the Commonwealth Secretariat.

Key recommendations from the handbook will be presented to highlight region-specific actions and implementation plans and will consist of comments from the panellists followed by a general Q & A with the audience.
